Multi-Level Leadership

State Agencies & Non-Profits

Regional Development Organizations, Public Health, and Non-profits

Schools and Communities

J. Pelletier, 2016
Vision:

- Minnesota is a state where all students can walk and bicycle on routes that are safe, comfortable and convenient.
Minnesota is a state where all students can walk and bicycle on routes that are safe, comfortable, and convenient.
How are we utilizing funding?

Where are we spending Safe Routes to School dollars?

What does demand for SRTS look like?

Is there a SRTS plan for my community? Where is it?

What plans might be affecting the road project I’m getting ready to work on?

What type activities are going on in my SHIP region?

What activities have happened in my region?

What has my school district or school done in the past?
Objective: To create an interactive, visual, easy to use source for information on SRTS projects and programs around the state.

Goals:
1. Accurately represent the scope and geographic distribution of past work
2. Increase the accessibility of completed plans
3. Demonstrate the local impact of constructed projects
4. Improve the financial transparency of the Safe Routes to School program
5. Provide a wide array of lenses to understand where and what type of projects have been implemented across Minnesota

Audiences:
1. MnDOT SRTS Staff
2. MnDOT Project Managers
3. School Staff
4. Elected Officials
5. Public Health Professionals (SHIP)
6. Community Members and Parents
7. Students?
